

FY2021

ANNUAL SUMMARY

For the Fiscal Year Ended June 30, 2021

A LETTER FROM THE CHIEF EXECUTIVE OFFICER

FY2021 was one for the record books.

IPERS' unprecedented investment return of 29.63% was the second highest in IPERS' history and generated \$9.89 billion for the IPERS Trust Fund that pays member benefits. On June 30, 2021, the value of the fund equaled an all-time high of \$42.85 billion.

This success was central to a dramatic decrease in IPERS' unfunded actuarial liability that dropped from \$6.58 billion in FY2020 to \$4.96 billion in FY2021. During the same time, IPERS' funded ratio grew from 83.96% to 88.34%. IPERS continues to be among the most well-funded public pension plans in the nation.

So what does all this mean for you, our valued IPERS member? Plenty.

First, it's reassurance that IPERS is a strong retirement system that is well-equipped to pay retirement, death and disability benefits into perpetuity.

Second, it's proof that our investment program is designed to withstand market vulnerabilities. When the onset of the COVID-19 pandemic sent markets into a tailspin in late FY2020, IPERS' investments returned little more than 3%. IPERS weathered that year and was able to quickly rebound.

Third, IPERS is on track to eliminate the unfunded actuarial liability and become fully funded.

Thanks for reviewing this annual summary that highlights our year's work in more detail. It is our privilege to share the successes of FY2021 with you.

Sincerely,

Gregory S. Samorajski
CEO

This report conforms with generally accepted accounting principles (GAAP).

THE MOST IMPORTANT THING IPERS DOES IS PAY BENEFITS

More than 380,000 lowans rely on IPERS to provide secure retirement benefits now and in the future. Because nearly 70% of IPERS' benefit payments come from investment income, it's imperative that IPERS' investment program achieves its goals to provide the benefits public employees expect. While this year's return of 29.63% far exceeds the 7.00% assumption, it's important to perform well over the long term. IPERS' investment goal is to maintain a diverse portfolio and maximize returns at an acceptable level of risk with a long-term outlook.

TRUST FUND GROWTH

In FY2021, the value of the IPERS Trust Fund grew more than \$9 billion to nearly \$43 billion.

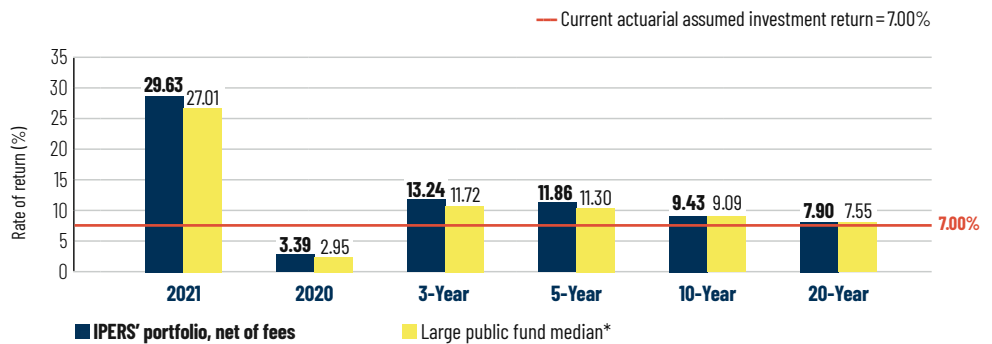

INVESTMENT RETURNS

Fiscal Years Ended June 30

INVESTMENT FUND PERFORMANCE SUMMARY

*TUCS Public Funds > \$1 Billion Index.
Note: 3-, 5-, 10- and 20-year results are annualized returns.

INVESTMENT PERFORMANCE

IPERS' investment policy goal is to maximize the total rate of return on investments within prudent risk parameters. Solid performance over time is important. Read IPERS' full investment policy at www.ipers.org/investment-policies.

A LETTER FROM THE GOVERNOR AND LT. GOVERNOR

The legislature created IPERS in 1953 to attract and retain a quality workforce to fulfill the critical duties of government. Today, one in 10 Iowans rely on IPERS for a dependable retirement income.

IPERS members are teachers, social workers, nurses, firefighters, police and many more who are dedicated to improving the lives of others. I've seen the impact of your selfless service firsthand as I travel throughout Iowa. I continue to be impressed and inspired by your work.

IPERS is not only a benefit for its members, it's also a sizable economic engine for Iowa. Retirees in Iowa receive the greatest share of IPERS' annual benefit payments, \$2.1 billion, collectively in FY2021. Residents reinvest this money in their communities to help grow the local and state economies.

We are proud to represent you and support IPERS. Thank you for everything you do every day and for your dedication over the last year.

CHANGES IN FIDUCIARY NET POSITION

(Dollar Values Expressed in Thousands)
Fiscal Years Ended June 30

Table with 6 columns: Category, 2021, 2020, 2021/2020 Percentage Change, 2019, 2020/2019 Percentage Change. Rows include Additions (Contributions and service purchases, Net investment and securities lending income, Total additions), Deductions (Benefits and refunds, Administrative expenses, Total deductions), Extraordinary item*, Increase in net position.

*IPERS received the final settlement payment from the Westridge Capital fraud case, CFTC v. Walsh / SEC v. WG. This payment resulted in an extraordinary item during this fiscal year.

Total net position restricted for pensions increased from \$34.048 billion on June 30, 2020, to \$42.890 billion on June 30, 2021. These assets consist of capital assets owned by IPERS and investment portfolio assets.

In FY2021, employee and employer contributions, including service purchases, totaled \$1.372 billion, while total member benefits equaled \$2.419 billion. The resulting \$1.047 billion contribution shortfall was funded with earnings and sales proceeds from the investment portfolio.
